Old town, even the blue dragonfly paved path is so authentic, fire red high-heeled shoes and green brown stone collide, issued a 'Dong Jie' sound, but it sounds so like a story. After all of the noise, they smiled and, running, seen in the city and blue mountains, gorgeous during Walk. Carefully observed, I seem to have broken the track, as if to see the original years.

SHALLOW RUT MARL

With the memory some road, across a camp of crisscrossed tracks, reach the dove, evoking corners of the shore. A dove window set in the old black brick back by layers, birds or stones into the wall. Window signs have already gone, only being "enlighten" in pain, the shore is full of labor, long, long red more hope. The red one eye, helplessly sweeping in the wind, as if the photograph, cry again, then I know light in a society.
